**Why students love Colorado Rocky Mountain School**
This high school in USA is located on a 320-acre historic ranch, at the confluence of two rivers and base of Mount Sopris, providing not only an **outdoor learning laboratory** but also an outdoor adventure. The curriculum is a great mix of the traditional college-prep academics and project-based learning and teaching excellence. The students learn by doing and can experience the **outdoor adventure** through trips, mountain sports, and service learning programs. The program also includes unrivaled art offerings and a school **passion for music** production and performance.
